

THE
PROMENADE
RESIDENCES

It unfolds in the open. In the sweep of the river. In the stretch of the sky. In the spaces that allow life to slow, settle and stay. Here, living follows a natural rhythm, where people cross paths, conversations carry forward and days feel considered rather than crowded. Mornings arrive with clarity. Afternoons hold purpose. Evenings invite connection.

Luxury here is defined by access over excess, by proximity over pretense, by flow over formality. Everything you need feels within reach, yet nothing feels imposed. Work, wellness, family and social life move together, not in turns, but in harmony. This is living that feels composed, connected and confidently complete.

This is

#TheTrueBlueLife

BUILT TO LEAVE AN IMPRESSION... 150 ACRES OF IT.

Set along the promenade, this address claims the most consequential position within Blue Ridge. Open to the river, aligned with the sky, and placed where movement feels instinctive, it occupies a stretch the township naturally responds to. Spread across 150 acres, the larger ecosystem lends scale and stature to this position, giving it context without diluting its character. Social life gathers here without orchestration.

Cafés become constants. Conversations carry forward. Familiarity forms through relevance rather than routine. Within an award-winning township defined by high standards and global sensibilities, this position holds particular currency. It appeals to those who live fluidly across cities and cultures. As the township evolves, this becomes the epicenter of all things social... life buzzing in the true blue sense.

THE TRUE BLUE LIFE.

THE
PROMENADE
RESIDENCES

3 & 4 BHK Water-Front Residences

A VIEW THAT RISES ABOVE THE 'SEE LEVEL'

Rising thirty-two storeys and standing approximately 100+ metres tall, The Promenade Residences is positioned to look beyond the reach of many. With only three residences per floor, a distinct living and dining area, The Promenade Residences envision a True Blue Life in terms of privacy, privilege and presence.

On one side, the river stretches across an uninterrupted eleven kilometres. On the other, the city reveals itself in scale and movement. A three-metre floor-to-floor height ensures light travels deeper, ceilings breathe higher and rooms hold their proportion effortlessly.

THE SOCIAL FABRIC

Social connections at The Promenade Residences don't need invitation. They are part of the fabric of everyday life here. You step out for a coffee and stay longer than planned. You pause in the middle of your workday and find yourself in conversation with a neighbour. Faces become familiar, exchanges effortless, moments unforced.

While the retail promenade welcomes the city through its own dedicated entrance, your world as a resident remains calm, considered and distinctly yours, accessed through a separate, private arrival. This clarity allows connection to happen naturally, without intrusion or performance. Leisure and social life unfold at their own pace. And that is the True Blue way of being social.

THE WORK ATELIER

Work at The Promenade Residences is not squeezed into corners or improvised at dining tables. It finds its place naturally, with the same sense of ease that defines the rest of life here. You move into your focus zone without effort, into meetings without disruption, and through tasks with a clarity that comes from having the right environment around you.

Calls happen without compromise. Deep work is achieved without interruption. When formality is required, the co-working spaces rise to the occasion. And when flexibility is needed, they respond just as seamlessly.

THE WELLNESS SANCTUM

It is not wellness that asks you to step away from life. Wellness should settle into your everyday quietly, becoming part of the rhythm you already live by. You move when your body asks for it. You pause when you need to. And you return to balance without having to plan for it.

The wellness spaces at The Promenade Residences respond to how you feel, not how you are expected to perform. This is where wellness feels intuitive, measured and deeply personal and where restoration happens naturally, simply because every particle of the environment allows it.

THE GROWING GROUNDS

Family life finds its footing in one essential thing: reassurance. For parents, there are few comforts greater than knowing their children have the freedom to play and learn independently in a safe, familiar environment, while still being right around the corner from where they work.

At The Promenade Residences, whether you're working from one of the pods or co-working spaces, taking a pause, or moving through your day, your children remain close, cared for and comfortably within reach. Every family-oriented facility is measured, considered and designed to support family life without disruption. It's the True Blue approach to growing together!

LETTING IN LIGHT, AIR AND THE ENDLESS BLUE SKIES.

Spaces at The Promenade Residences are designed to feel composed rather than overwhelming. With only three residences per floor, privacy is something you arrive into, every single day. The living and dining areas are distinct yet fluid, allowing each moment of the day to hold its own rhythm.

The living room becomes the natural centre of the home, shaped by light, air and proportion rather than excess. It opens generously and seamlessly into the riverfront deck. This sense of clarity between rooms is what allows everyday life to feel unhurried and intentional.

What stays with you is a sense of vast and airy space, and the ease to live well within it.

SOME VIEWS YOU ADMIRE.
THIS ONE YOU LIVE WITH.

At The Promenade Residences, the river does more than frame the horizon. It sets the pace of your day. From the waterfront decks, an uninterrupted view of the river bestows you with its presence changing with the hour yet always returning a sense of calm.

And when you're at this height, the perspective feels expansive and elevated without ever disconnecting you from life. The deck becomes a place you return to instinctively, not just for the spectacle, but also for stillness.

YOUR SANCTUARY. YOUR RIGHTFUL RETREAT.

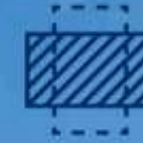

The most personal moments of the day need to be lived in spaces that ask for nothing and give you everything. The bedrooms at The Promenade Residences are generous, indulgent and calm. Light moves gently through the room, settling where it needs to, allowing natural rest.

One of the bedrooms is paired with a walk-in wardrobe that understands the value of order.

Not as storage, but as a quiet buffer between you and the rest of the world. Everything has its place, yet there is no excess, only intention.

THE ADDRESS OF A WORLD CITIZEN

Blue Ridge is a township that mirrors the life of a world citizen: connected, balanced and thoughtfully composed. Spread across 150 acres, it brings together education, leisure, commerce and everyday convenience through an award-winning ICSE school, a golf club with a 9-hole course, high-street shopping, cafés, workspaces and more.

Supported by round-the-clock water and power, wide roads and a zero-discharge waste system, the township functions with clarity and care. It is where everything comes together naturally, allowing life to unfold with ease and intention.
